

Come & Try It: Medical and Liability Disclaimer

The process of learning to dive begins with a "Try a Dive" taster (based on the British Sub-Aqua Club Introduction to Diving Course) where you can see and experience the sport and then decide whether you like it enough to make a commitment to progress to a full programme of diver training as a member of the Totnes Branch of the British Sub-Aqua Club (BSAC).

Sub-Aqua diving is a sport which requires general physical fitness and good health. Anyone with a medical history of diabetes, blackouts (epilepsy, etc), perforated eardrums, high blood pressure or heart disease, any lung or respiratory disorder (such as Asthma), dependence on prescribed medication or other drugs, should not contemplate taking up this sport without first discussing their suitability to do so with a specialist Diving Medical Referee. *

The Come and Try It CATI) programme is available on the understanding that persons taking part:

1. Are capable of swimming 100 metres freestyle without the use of buoyancy aids.
2. Consider themselves medically fit and do not suffer from any of the disqualifying conditions mentioned above.
3. Will, in the interests of safety, comply with all instructions given to them by members of the Branch or their Instructor.
4. Whilst BSAC sets no lower age limit to participate in the Come and Try It programme, Totnes Branch is able to offer a CATI to 10 year old's and above, and
5. Participants will be expected to comply fully with current COVID requirements

Every precaution will be taken for the safety of persons taking the course and the Branch organisers or individually appointed instructors reserve the right to terminate the instruction of any person should there be any reason to doubt their fitness or ability or suitability to take part in the sport.
